

Field Engineer

Department: Building

Supervisor: Superintendent, General Superintendent

Compensation: FLSA Status Exempt

Location: Kirkland, Washington

Position Summary

Assists project personnel in planning, directing and coordinating activities of designated project to ensure that goals or objectives of project are accomplished within prescribed time frame and funding parameters. Provides technical information to company supervisor and contractors to insure work complies with all engineering standards, codes, specifications and design instructions. Assists in the evaluation of potential dimensions and other field problems, referring them to Project Engineer.

Position Responsibilities

- Assist with pre-construction phase as needed; i.e., plan outline, bid packages, etc.
- Assist project personnel in planning, directing and coordinating activities of designated project
- Assist superintendent in the review of work quality and jobsite safety
- Assist in carrying out a variety of basic field duties at the job site related to general construction
- Assist Project Engineer with Project Punch list and Project Closeout plan
- Must be able to plan and schedule construction scopes and sequence activities
- Exhibits moral and ethical behavior in all business and personal activities in accordance with Osborne's Code of Business Ethics and Conduct Policy
- Follows company safety policies and procedures
- Must be willing to travel, if required

Essential Skills and Experience

- A Bachelor's Degree in construction management, construction science, architecture, or engineering, or 4+ years of construction experience assisting project personnel in commercial general construction projects
- Knowledge of building construction, means and methods, and drawings and specifications
- Working knowledge of Microsoft Office suite programs and computer based scheduling software
- Current driver's license

Physical Demands

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions. While performing the duties of this job, the employee is regularly required to talk or hear. The employee frequently is required to sit; use hands to finger, handle, or feel; and reach with hands and arms. The employee must occasionally lift and/or move up to 40 pounds. Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception, and ability to adjust focus. Field engineers are hands-on and spend a lot of time both in the office and out at the physical construction site.

Equal Opportunity Employer

Osborne is an Equal Opportunity Employer that does not discriminate against any applicant for employment or any employee because of race, ethnicity, religion, gender, gender identity, sexual orientation, age, veteran status, genetic information, disability status, or any other protected category.

Drug-Free Workplace

Osborne maintains a drug and alcohol-free work place. Drug tests are performed by Osborne for the following: pre-employment, post-accident, randomly, and for cause.
